

Fidel Chaves

Science Communication & Content Specialist | Writing, Editing & UX Writing

Buenos Aires, Argentina | fidelchaves96@gmail.com | linkedin.com/in/fidel-chaves | diariodeunrobot.substack.com

SUMMARY

Science communicator with a B.Sc. and teaching degree in Biological Sciences (University of Buenos Aires) and 5+ years of experience in content strategy, science communication, technical writing, UX writing and LinkedIn ghostwriting. Skilled at turning technical information into clear content for commercial, institutional and general audiences, and at bridging technical, design and executive teams. Trilingual content production (English, Spanish, French), combining scientific rigor with editorial judgment and performance analytics. Currently studying Publishing (UBA).

WORK EXPERIENCE

Science Communication Specialist, Stämm Biotech

Oct 2023 – Present

- Designed and run the content strategy for a biotech startup across five channels (LinkedIn, X, Instagram, Medium, YouTube).
- Grew the LinkedIn community from 9,500 to 16,471 followers (+73%) between October 2023 and August 2026.
- Published 400+ original posts across three platforms, 30+ monthly interviews on Medium and long-form YouTube videos.
- Prepare the monthly metrics and performance report, presented to the Head of Communications and the C-level team.
- Write and edit whitepapers, technical articles, corporate presentations and video scripts for sales, ensuring scientific accuracy and brand voice.
- Ghostwrite the company's LinkedIn presence: content strategy and weekly posts, including coverage of the BIO 2026 convention.
- Led content architecture and UX writing for the full website redesign, working with design and development.
- Wrote, produced and presented an explainer reel that reached 4,000+ likes and 80 comments.
- Produce content in English, Spanish and French for international clients and audiences.

Natural Sciences Teacher, ORT Argentina & Colegio San Agustín

Mar 2022 – Oct 2023

- Planned and taught secondary-school courses (years 1–3), including bilingual English-Spanish lessons and Science Olympiad preparation.
- Managed classes and communication with coordinators and families.

UX, Content & Copywriter, Awkbit

Apr 2021 – Mar 2022

- Rewrote the full corporate website of a software development company.
- Published one to three articles per week on Drupal (CMS).
- Ghostwrote thought leadership articles and LinkedIn content for the company, including a software development management guide published on Medium.
- Produced sales enablement content: use cases, portfolios and social media content.

Operation Specialist, IQVIA

Feb 2021 – Apr 2021

- Provided bilingual (French-English) support to the Canadian market on GlaxoSmithKline's product catalog: inquiry handling, case follow-up and system records.

Medical Secretary, Centro Médico Juncal

2015 and Mar 2020 – Oct 2020

- Managed schedules, appointments and patient relations for medical offices affiliated with Clínica Bazterrica.

Education Guide, Tecnópolis Science Fair

Jun 2017 – Oct 2017

- Led educational tours and explained scientific content to visitors of all ages.
